Director of Officials Report

Training

The 2011/12 season was relatively quiet regarding officials training. No Officials Level 1 Clinics were conducted during 2011/12. The years leading into the 2010/11 season with the Canada Winter Games, (Games), were hectic for training, all consistent with the Games four year cycle. The several Clinics in the two years prior to the Games produced numerous individuals who could be called upon to assist with 2011/12 and future events.

Experience

These Officials provided considerable assistance with the two speed skating events of 2011/12; the Nova Scotia Long Track Meet in January and the Skate the Common Marathon in February. The attached lists note the Officials who volunteered at these events.

Nova Scotia speed skating is fortunate to have these Officials. Many are well experienced and enthused to assist, even though their children left the sport years ago. Some bring their experience from other sports such as paddling and snowboarding. The enthusiasm of these Officials will contribute to the growth of speed skating for the 2012/13 season.

Respectfully submitted,

David MacDonald
Director of Officials, SSNS
