

APPLICATION TO BECOME AN AFFILIATED SPEED SKATING CLUB WITH SPEED SKATE
NOVA SCOTIA

Please accept this application for the Dartmouth Crossing Speed Skating Club to become an affiliated speed skating club with Speed Skate Nova Scotia, effective June 29, 2016.

This club has been formed to build a strong base of short track speed skaters at the new Dartmouth Crossing Fourplex, which will have an Olympic size ice surface and dedicated storage for pads. Operations will start in the 2016-2017 season with Learn to Skate and Learn to Speed Skate programs that will be run in Dartmouth to recruit new skaters from the Dartmouth area, to build on the current summer camp initiative organised by Todd Landon. Programs are being developed in consultation with Todd, and new coaches will be recruited and trained to run these programs.

The club has been formed following the guidelines in the "Start a Speed Skating Club" section of the Speed Skating Canada website, and is incorporated as a Society and registered with the Nova Scotia Registry of Joint Stock Companies.

We look forward to working with Speed Skate Nova Scotia to build the short track component of the sport in Nova Scotia.

Respectfully submitted

Bert Losier
Director
Dartmouth Crossing Speed Skating Club
